

The Management of Scatolificio Niccoli di Niccoli A. & C. Sas is convinced that a company sensitive to the issues of responsible forest management and respectful of human rights, can contribute both to the improvement of environmental conditions and to the improvement of people's well-being. .

The Management therefore undertakes to promote responsible and consistent management of forest resources with respect for ethical and environmental values. In that direction, it favors FSC forestry raw materials, raising customers and suppliers awareness to full social responsibility.

It is therefore the policy of Scatolificio Niccoli di Niccoli A. & C. Sas:

- implement and maintain an adequate management and control system of the Chain of Custody concerning the products marketed with reference to the FSC good forest management scheme;
- purchase FSC certified raw material, as far as possible in relation to the availability of its customers to have equal access to the benefits that derive from joining a sustainable and socially useful economy;
- promote and encourage the use of FSC Certified material among its customers.

The Scatolificio Niccoli di Niccoli A. & C. Sas also declares to have read and understood the "Policy for the Association of Organizations with FSC", as published on the website [www.fsc.org](http://www.fsc.org) and which establishes FSC's position regarding unacceptable activities by organizations and individuals who already are or would like to join FSC.

In light of the above and of what is reported in the FSC-PRO-20-001 V1-1 Standard (Appendix B), Scatolificio Niccoli di Niccoli A. & C. Sas explicitly undertakes, now and in the future, provided that the relationship with FSC is in place, not to be directly or indirectly involved in the following unacceptable activities:

- a) Illegal logging or illegal trade in timber or forest products;
- b) Violation of traditional and human rights during forestry operations;
- c) Destruction of highly conserved values during forestry operations;
- d) Significant conversions of forests to plantations or other non-forest uses;
- e) Introduction of genetically modified organisms in forestry operations;
- f) Violation of any of the fundamental ILO conventions as defined in the Declaration on Fundamental Principles and Rights at ILO Work.

The Niccoli Box Factory of Niccoli A. & C. Sas also undertakes to share and disseminate the above mentioned principles to all staff and other Interested Parties.
