

The Scatolificio Niccoli Sas, being the owner of the data it uses to carry out its business, is legally responsible for compliance with the obligations provided for by the law and therefore protects its confidentiality and guarantees the necessary protection from any event that could put them at risk of violation.

For this purpose, Scatolificio Niccoli Sas has defined and identified internal processes, responsibilities, procedures in order to ensure full compliance with the provisions contained in the European Regulation GDPR 679: 2016 and in Legislative Decree 196: 2003 and subsequent amendments. Each interested party (for example a customer, an employee or a supplier) has the right to know which personal data are processed and for what purposes they are used; to access your personal data and know its origin; to withdraw consent at any time, if this is the basis of the processing; to update or correct your personal data so that they are always accurate; to request, in the cases provided for, the deletion of data or the temporary suspension of their use; to obtain a copy.

The attention paid by Scatolificio Niccoli Sas to privacy issues translates into a careful and pervasive activity at all levels, aimed at harmonizing the organization of management processes with the European Regulation and thus increasingly protecting the information assets, in optics of guaranteeing to the interested subjects the normative conformity to the origins of the established relationship.
